

PRODUCT LIST 2024

Effervescent Tablet Supplements

Effervescent tablets are becoming increasingly popular over the conventional tablet and it is easy to find out why. They provide the most efficient way of taking supplements/medicines due their 100 percent absorption and bioavailable properties as compared to regular tablets.

Softgel Supplements

Soft capsules are hermetically sealed and, as such, protect sensitive fills from atmospheric oxygen, light, moisture, dust & other environmental influences. They are the preferred dosage form for liquid, paste-like or oil-based fills - such as omega-3 fish oils - because any potentially unpleasant odors can be kept inside the shell.

Sr No	Nutritional information	Packing
-------	-------------------------	---------
